

TRI-PHASIC BRIGHT™ DAY MILK LOTION SPF 15

Tri-Phasic Bright system is a comprehensive skin brightening system containing five products that target all three critical phases of the discoloration process.

PHASE I: Helps protect from initial factors that cause discoloration.

PHASE II: Targets a key component that leads to visible skin discoloration.

PHASE III: Reduces the appearance of discoloration.

Tri-Phasic Bright will help you achieve even-toned, glowing skin for a brighter, more radiant you.

MEET TRI-PHASIC BRIGHT DAY MILK LOTION

Counter cluttered with products? Finally, a moisturizer that does it all. Tri-Phasic Bright Day Milk Lotion moisturizes while helping reduce the appearance of skin discoloration. The formula features UVA/UVB protection and Hexapeptide-2 which works to reduce discoloration in Phase I. UVA/UVB protection effectively protects the skin from ultraviolet rays that can lead to uneven skin tone.

WHY YOU'LL LOVE IT

- Helps promote a bright complexion, broad spectrum UVA and UVB sunscreens help prevent ultraviolet rays from penetrating the skin (SPF 15).
- Daily moisture works to hydrate and nourish skin while protecting from potential discoloration initiators.
- Doesn't clog pores—non-comedogenic.
- Leaves skin with a smooth, non-greasy finish.
- Formulated without parabens and fragrance.
- Safety—dermatologist tested.
- Features a bottle that is proudly made from 95% recycled material.

WHAT POWERS IT

- Hexapeptide-2—protects skin from the potential discoloration initiators.
- Broad Spectrum UVA and UVB sunscreen agents (SPF 15)—help absorb the high-energy rays that initiate skin-damaging free

radical chain reactions. Because UV rays are one of the most common causes of skin discoloration, it is important to intercept them before they damage the skin and trigger the activation of discoloration.

- Hydrating Blend—a blend of squalane, glycerin, and other ingredients that helps provide skin hydration and conditioning benefits.

HOW TO USE IT

Apply liberally to face and neck. Reapply as needed throughout the day.

MORNING REGIMEN

1. Tri-Phasic Bright Cleanser
2. Tri-Phasic Bright Toner
3. Tri-Phasic Bright Essence
4. Tri-Phasic Bright Day Milk Lotion SPF 15
