

NUTRICENTIALS® PUMPS

HYALURONIC ACID + B5

Your skin has a mind of its own. But now you can make it resilient to what life throws at you with a bioadaptive skin care system that helps your skin adapt to environmental stressors like late nights and pollution and helps protect against UV and blue light rays—for better, balanced skin every single day. It's so intuitive, it knows what your skin needs before you do. And with clean formulas, you can feel confident about what you're putting on your skin. Nutricentials Bioadaptive Skin Care.® Make every day a great skin day.

MEET HYALURONIC ACID + B5

Pump up your results with Nutricentials Bioadaptive Skin Care Pumps. Nutricentials Pumps Hyaluronic Acid + B5 is a mega-moisturizing formula featuring our Bioadaptive Botanical Complex to help protect against, and increase resiliency to, everyday stressors like pollution and free radicals. Made with worry-free ingredients, this supercharged serum lets you personalize your daily regimen with ultimate hydration, for skin that's silky smooth, sensuously soft, and visibly revitalized thanks to a specially formulated 1.5% Pure Hyaluronic Acid Cocktail and Vitamin B5 (Panthenol).

WHY YOU'LL LOVE IT

- Made with bioadaptive botanicals, also known as adaptogens, that help your skin adapt to its unique and ever-changing environment, so you can always put your best face forward.
- Helps protect against, and increase resiliency to, the damaging effects of stress, pollution, and free radicals.
- A clean formula with worry-free ingredients you can feel good about putting on your skin.
- Personalizes your daily skin care regimen with powerful, targeted benefits:
 - Provides major hydration and 24 hours of continuous moisturization, without feeling heavy.
 - Helps your skin feel smoother and revitalized.
 - Conditions and softens skin.
 - Supports your skin's natural moisture barrier.
- Non-comedogenic—doesn't clog pores.
- Features White Mulberry Tree Root Extract and Sodium Hyaluronate, unique ingredients cultivated through controlled environment agriculture (CEA).

WHAT POWERS IT

- **Bioadaptive Botanical Complex** (Rhodiola, Maral Root, Siberian Ginseng, Chaga Mushroom, and Resurrection Plant)—a blend of botanical extracts from plants known as adaptogens that thrive in extreme climates and can help your skin bounce back from stressors.
- **Vitamin B5 (Panthenol)**—helps condition and soften skin.
- **Pure Hyaluronic Acid Cocktail** (Sodium Hyaluronate, Hydrolyzed Sodium Hyaluronate, and Sodium Acetylated Hyaluronate)—Absorbs large amounts of water to instantly hydrate and help skin look and feel smoother. Includes Sodium Hyaluronate™
- **White Mulberry Tree Root Extract** (Morus Alba Root Extract)—this unique ingredient, cultivated through a controlled environment, helps protect against damage and premature aging caused by external stressors.

CLINICALS THAT PROVE IT

In a third-party study, after a single application, subjects experienced:

+150% hydration after one hour.

+100% hydration after 12 hours.

And continuous hydration for a full 24 hours.

HOW TO USE IT

Apply 2–3 drops to skin after cleansing and toning each morning and night. And don't forget to follow with your favorite serum and moisturizer.

- Nutricentials Dew All Day Moisture Restore Cream
- Nutricentials Moisturize Me Intense Hydrating Cream

LEARN MORE ABOUT IT

What are Nutricentials bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. These special properties help your skin adapt to its changing and unique environment so it can recover from—and gain resiliency to—environmental stressors.

What makes hyaluronic acid such an effective moisturizer?

Hyaluronic acid is a water-loving ingredient that draws in moisture from the environment and delivers it right to your skin. It also helps maintain skin's natural moisture barrier by helping it retain as much moisture as possible, so your skin looks and feels hydrated, smooth, and revitalized.

Who should use Nutricentials Pumps Hyaluronic Acid 1.5% + B5?

This pump is especially great for anyone who wants to personalize their daily routine by targeting dull, flaky, and tired-looking skin with extra powerful hydration. It rapidly hydrates the skin by 150% after just one hour for a surge of moisture that leaves skin looking smooth and revitalized.

Can I use multiple Nutricentials Pumps products together?

Of course! Using multiple Pumps in a single regimen is a great way to target multiple skin care concerns at once. Just make sure to introduce each Pump one at a time to your regimen.

How does Nutricentials support Nu Skin's commitment to become more sustainable?

As responsible stewards of our planet, we have proudly designed our Nutricentials Pumps with 19% post-consumer resin (PCR) packaging. Each pump is also made with a single material, which makes them easier to recycle where Polypropylene (PP) recycling is available.

All of our Nutricentials bottles are made from 100% PCR, and our tubes are made with 34–61% PCR, saving a combined total of approximately 40 tons of virgin plastic every year.* Plus, our palm oil derived ingredients are sustainably sourced. Please check your local capabilities and recycle all bottles, cartons, and jars where possible. By purchasing Nutricentials, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us. Please visit www.nuskin.com/sustainability for more information and details on how to recycle.

*Based on 2021 global forecasts.

What is the Nutricentials commitment to clean formulas?

With our commitment to transparency, sustainability, and using only the best of science and nature, we bring you clean formulas based on our Nutricentials worry-free ingredient list—all in sustainable packaging. So you can feel confident in your natural glow and in your skin care. Nutricentials Bioadaptive Skin Care® is responsible skin care for ingredient-conscious consumers.

What is the Nutricentials worry-free ingredient list?

The Nutricentials worry-free ingredient list is a list of ingredients that you'll never find in any Nutricentials formula:

BHA/BHT	MI/MCI	POLYETHYLENE BEADS
COAL TAR	MINERAL OIL	PROPYLENE GLYCOL
DYES	OXYBENZONE	RETINYL PALMITATE
EDTA*	PARABENS	SLS/SLES
FORMALDEHYDE	PARAFFIN	TOLUENE
FRAGRANCE ABOVE 1%	PEGS	TRICLOCARBAN
HYDROQUINONE	PETROLATUM	TRICLOSAN
MEA/DEA/TEA	PHTHALATES	

*except in sunscreens, for stability.

NUTRICENTIALS® PUMPS HYALURONIC ACID 1.5% + B5
