

NUTRICENTIALS® PUMPS

CERAMIDES + POSTBIOTICS

Your skin has a mind of its own. But now you can make it resilient to what life throws at you with a bioadaptive skin care system that helps your skin adapt to environmental stressors like late nights and helps protect against—for better, balanced skin every single day. It's so intuitive, it knows what your skin needs before you do. And with clean formulas, you can feel confident about what you're putting on your skin.

Nutricentials Bioadaptive Skin Care.® Make every day a great skin day.

MEET CERAMIDES + POSTBIOTICS

Pump up your results with Nutricentials Bioadaptive Skin Care Pumps. This fortifying formula, made with worry-free ingredients, helps protect against, and increase resiliency to, everyday stressors thanks to our Bioadaptive Botanical Complex. At the same time, a blend of three skin-identical ceramides, specially sourced Glass Microalgae, and Lactobacillus Ferment (a postbiotic that's gentle on your skin's natural microbiome) all work together to protect and strengthen your skin's vital moisture barrier. And to top things off, Ectoin, Apple Extract, and an Amino Acid Blend add a burst of extra hydration, helping soothe and visibly smooth your skin for a gorgeous finish.

WHY YOU'LL LOVE IT

- Made with bioadaptive botanicals, also known as adaptogens, that help your skin adapt to its unique and ever-changing environment, so you can always put your best face forward.
- Helps protect against, and increase resiliency to, the damaging effects of stress, pollution, and free radicals.
- A clean formula with worry-free ingredients you can feel good about putting on your skin.
- Personalizes your daily skin care regimen with powerful, targeted benefits:
 - Helps strengthen and protect your skin's natural moisture barrier to prevent moisture loss.
 - Helps soothe, hydrate, and visibly smooth skin.
 - Made with a postbiotic that is gentle on your skin's natural microbiome.
- Non-comedogenic—doesn't clog pores.
- Features Glass Microalgae, a unique ingredient cultivated through controlled environment.

WHAT POWERS IT

- **Bioadaptive Botanical Complex** (Rhodiola, Maral Root, Siberian Ginseng, Chaga Mushroom, and Resurrection Plant)—a blend of botanical extracts from plants known as adaptogens that thrive in extreme climates and can help your skin bounce back from stressors.
- **Ceramide Blend**—three skin-identical ceramides help strengthen your skin's moisture barrier and improve hydration.
- **Lactobacillus Ferment (Postbiotic)**—soothes skin and complements the natural moisture barrier without disrupting your skin's natural microbiome.
- **Glass Microalgae**—this unique ingredient, cultivated through a controlled environment, helps soothe skin, support the moisture barrier, and reduce water loss.
- **Ectoin**—contains stress-protection molecules and helps skin appear smoother.
- **Apple Extract**—a natural saccharide complex that provides a burst of moisturization.
- **Amino Acid Blend**—helps hydrate skin.

HOW TO USE IT

Apply 2–3 drops to skin after cleansing and toning each morning and night. And don't forget to follow with your favorite serum and moisturizer.

TRY THESE WITH IT

- Nutricentials Thirst Fix Hydrating Gel Cream
- Nutricentials Dew All Day Moisture Restore Cream
- Nutricentials Moisturize Me Intense Hydrating Cream

NUTRICENTIALS® PUMPS CERAMIDES + POSTBIOTICS

LEARN MORE ABOUT IT

What are Nutricentials bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. These special properties help your skin adapt to its changing and unique environment so it can recover from—and gain resiliency to—environmental stressors.

How are postbiotics different from probiotics?

Probiotics contain live organisms, which is ideal for an ingested product. Postbiotics do not contain live organisms. They are produced during the fermentation process of probiotic bacteria, which makes them better for topical treatments.

Who should use Nutricentials Pumps Ceramides + Postbiotics?

This pump is perfect for anyone who wants to personalize their daily routine by adding powerful protection to fortify, soothe, and calm skin. It helps skin stay visibly smooth and calm no matter your skin type.

Can I use multiple Nutricentials Pumps products together?

Of course! Using multiple Pumps in a single regimen is a great way to target multiple skin care concerns at once. Just make sure to introduce each Pump one at a time to your regimen.

How does Nutricentials support Nu Skin's commitment to become more sustainable?

As responsible stewards of our planet, we have proudly designed our Nutricentials Pumps with 19% post-consumer resin (PCR) packaging. Each pump is also made with a single material, which makes them easier to recycle where Polypropylene (PP) recycling is available.

All of our Nutricentials bottles are made from 100% PCR, and our tubes are made with 34–61% PCR, saving a combined total of approximately 40 tons of virgin plastic every year.* Plus, our palm oil derived ingredients are sustainably sourced. Please check your local capabilities and recycle all bottles, cartons, and jars where possible. By purchasing Nutricentials, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us. Please visit www.nuskin.com/sustainability for more information and details on how to recycle.

*Based on 2021 global forecasts.

What is the Nutricentials commitment to clean formulas?

With our commitment to transparency, sustainability, and using only the best of science and nature, we bring you clean formulas based on our Nutricentials worry-free ingredient list—all in sustainable packaging. So you can feel confident in your natural glow and in your skin care. Nutricentials Bioadaptive Skin Care® is responsible skin care for ingredient-conscious consumers.

What is the Nutricentials worry-free ingredient list?

The Nutricentials worry-free ingredient list is a list of ingredients that you'll never find in any Nutricentials formula:

BHA/BHT	MI/MCI	POLYETHYLENE BEADS
COAL TAR	MINERAL OIL	PROPYLENE GLYCOL
DYES	OXYBENZONE	RETINYL PALMITATE
EDTA*	PARABENS	SLS/SLES
FORMALDEHYDE	PARAFFIN	TOLUENE
FRAGRANCE ABOVE 1%	PEGs	TRICLOCARBAN
HYDROQUINONE	PETROLATUM	TRICLOSAN
MEA/DEA/TEA	PHTHALATES	

*except in sunscreens, for stability.
