

NUTRICENTIALS® PUMPS VITAMIN C + COLLAGEN

“GLOW ALL OUT”

Your skin has a mind of its own. But now you can make it resilient to what life throws at you with a bioadaptive skin care system that helps your skin adapt to environmental stressors like late nights and pollution and helps protect against UV and blue light rays—for better, balanced skin every single day. It's so intuitive, it knows what your skin needs before you do. And with clean formulas, you can feel confident about what you're putting on your skin. Nutricentials Bioadaptive Skin Care®. Make every day a great skin day.

MEET VITAMIN C + COLLAGEN

Pump up your results with Nutricentials Bioadaptive Skin Care Pumps. Formulated with clean, worry-free ingredients, Vitamin C + Collagen features our Bioadaptive Botanical Complex to help protect against, and increase resiliency to, everyday stressors. Headline ingredients Vitamin C and Collagen work together to visibly reduce fine lines and wrinkles and help brighten skin. And Glyceryl Glucoside, derived from the bioadaptive botanical Resurrection Plant, helps moisturize your skin while also helping reduce the early onset of visible skin aging. Add this powerful pump of extra benefits to your regimen and enjoy the ultimate dewy glow.

WHY YOU'LL LOVE IT

- Made with bioadaptive botanicals, also known as adaptogens, that help your skin adapt to its unique and ever-changing environment, so you can always put your best face forward.
- Helps protect against, and increase resiliency to, the damaging effects of stress, pollution, and free radicals.
- A clean formula with worry-free ingredients you can feel good about putting on your skin.
- Personalizes your daily skin care regimen with powerful, targeted benefits:
 - Helps reduce the appearance of fine lines and wrinkles.
 - Provides a smooth, luminous complexion for the ultimate dewy glow.
 - Visibly brightens your skin.
 - Helps hydrate your skin for a plump appearance.
 - Helps reduce the appearance of some early signs of aging, including fine lines and wrinkles, hyperpigmentation, and loss of moisture.
 - Non-comedogenic—does not clog pores.

- Features Vegan Collagen, a unique ingredient cultivated through controlled environment agriculture (CEA).

WHAT POWERS IT

- **Bioadaptive Botanical Complex** (Rhodiola, Maral Root, Siberian Ginseng, Chaga Mushroom, and Resurrection Plant)—a blend of botanical extracts from plants known as adaptogens that thrive in extreme climates and can help your skin bounce back from stressors.
- **Stabilized Vitamin C**—helps visibly brighten your skin while also helping smooth and minimize the appearance of fine lines and wrinkles.
- **Vegan Collagen**—works with Vitamin C to give your skin a dewy glow while also helping to smooth and minimize the appearance of fine lines and wrinkles.
- **Glyceryl Glucoside**—sourced from the adaptive Resurrection Plant to moisturize and help reduce the onset of visible signs of aging by brightening and smoothing your skin.

HOW TO USE IT

Apply 2–3 drops to skin after cleansing and toning each morning and night. Don't forget to follow with your favorite serum and moisturizer.

TRY THESE WITH IT

- Nutricentials Thirst Fix Hydrating Gel Cream
- Nutricentials Dew All Day Moisture Restore Cream
- Nutricentials Moisturize Me Intense Hydrating Cream

NUTRICENTIALS® PUMPS VITAMIN C + COLLAGEN

LEARN MORE ABOUT IT

What are Nutricentials bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. These special properties help your skin adapt to its changing and unique environment so it can recover from—and gain resiliency to—environmental stressors.

How is the collagen in Vitamin C + Collagen different from Beauty Focus™ Collagen+?

The collagen in Beauty Focus is an ingestible form that is optimized to boost collagen and elastin production in your skin. The collagen in our pump is ideal to use *on* your skin and works together with Vitamin C to provide cosmetic benefits such as hydration, visible brightening, and helping reduce the appearance of fine lines and wrinkles.

Doesn't collagen just sit on top of the skin since the molecules are too big to be absorbed?

The Vegan Collagen in Nutricentials Vitamin C + Collagen is made of fragmented collagen amino acids, which means that the collagen molecules have been broken down to a size that is more easily absorbed by your skin. Vitamin C, an antioxidant, also helps improve the absorption of the collagen amino acids.

Who should use Nutricentials Pumps Vitamin C + Collagen?

This pump is perfect for anyone who wants to personalize their daily routine by increasing their glowing radiance and reducing visible signs of skin aging, including fine lines and wrinkles, hyperpigmentation, and loss of moisture.

Can I use multiple Nutricentials Pumps together?

Of course! Using multiple pumps in a single regimen is a great way to target multiple skin care concerns at once. Just make sure to introduce each pump one at a time to your regimen.

How does Nutricentials support Nu Skin's commitment to become more sustainable?

As responsible stewards of our planet, we have proudly designed our Nutricentials Pumps packaging with 19% recycled plastic (PCR). Each pump is also made with a single material, which makes them easier to recycle where Polypropylene (PP) recycling is available.

All of our Nutricentials bottles are made from 100% recycled plastic, and our tubes are made with 34–61% recycled plastic, saving a combined total of approximately 40 tons of virgin plastic every year.* Plus, our palm oil derived ingredients are sustainably sourced. Please check your local capabilities and recycle all bottles, cartons, and jars where possible. By purchasing Nutricentials, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us.

Please visit www.nuskin.com/sustainability for more information and details on how to recycle.

*Based on 2021 global forecasts.

What is the Nutricentials commitment to clean formulas?

With our commitment to transparency, sustainability, and using only the best of science and nature, we bring you clean formulas based on our Nutricentials Worry-Free Ingredient List—all in sustainable packaging. So you can feel confident in your natural glow and in your skin care. Nutricentials Bioadaptive Skin Care® is responsible skin care for ingredient-conscious consumers.

Which ingredients are on the Nutricentials Worry-Free Ingredient List?

We know you care about what goes on your skin. Thanks to the Nutricentials Worry-Free Ingredient List, you won't find the following ingredients in any Nutricentials formulas:

BHA/BHT	MI/MCI	POLYETHYLENE BEADS
COAL TAR	MINERAL OIL	PROPYLENE GLYCOL
DYES	OXYBENZONE	RETINYL PALMITATE
EDTA*	PARABENS	SLS/SLES
FORMALDEHYDE	PARAFFIN	TOLUENE
FRAGRANCE ABOVE 1%	PEGS	TRICLOCARBAN
HYDROQUINONE	PETROLATUM	TRICLOSAN
MEA/DEA/TEA	PHTHALATES	

*except in sunscreens, for stability.

What is Controlled Environment Agriculture (CEA)?

Controlled Environmental Agriculture is a technology-based approach to growing and cultivating ingredients that are sustainable. Ingredients grown or cultivated using CEA are developed within a regulated environment using technologies that help to ensure optimal conditions from seed to solution.

NUTRICENTIALS® PUMPS VITAMIN C + COLLAGEN
