## BRIGHTER DAY

### EXFOLIANT SCRUB

Your skin has a mind of its own. But now you can make it resilient to what life throws at you with bioadaptive skin care that helps your skin adapt to environmental stressors like late nights, pollution, and UV and blue light rays—for better, balanced skin every single day. It's so intuitive, it knows what your skin needs before you do. And with clean formulas, you can feel confident about what you're putting on your skin. Nutricentials Bioadaptive Skin Care™. Make every day a great skin day.

#### MEET BRIGHTER DAY

Nutricentials Brighter Day leaves you with a smooth, bright complexion by removing dead skin cells and pore-blocking impurities. Unlike other exfoliants, our double-feature formula uses Pomegranate Enzymes to help loosen dead skin cells while Natural Exfoliating Minerals remove them from your skin. Combining both enzymatic and physical exfoliation more effectively clears out dead skin cells without damaging your skin. Plus, a Bioadaptive Botanical Complex and Aloe Vera nourish and soothe for post-scrub skin comfort. With a fresh scent and natural purple color to delight your senses, Brighter Day is deep-cleansing bliss.
