

AGELOC® BRIGHTENING SERUM

MEET AGELOC BRIGHTENING SERUM

With ageLOC Brightening Serum, you're going to enjoy the easy confidence that comes with fresh, fab skin. That's because this high-performance formula delivers the benefits we all crave. A visible boost of glowy radiance? Yes. Added bounce? Definitely. A more even-looking tone? Of course! Brighten your skin's day (and night) with ageLOC® Brightening Serum.

WHY YOU'LL LOVE IT

- Delivers brightening benefits for a more luminous look.
- Motivates cellular turnover, encouraging a fresh, vibrant complexion.
- Gently exfoliates, revealing visibly smoother skin.
- Helps maintain younger-looking skin by diminishing the signs of early aging.
- Sea Daffodil extract helps decrease appearance of dark spots promoting brighter and more radiant skin
- Provides targeted hydration, keeping skin supple to the touch with a baby-plump appearance.

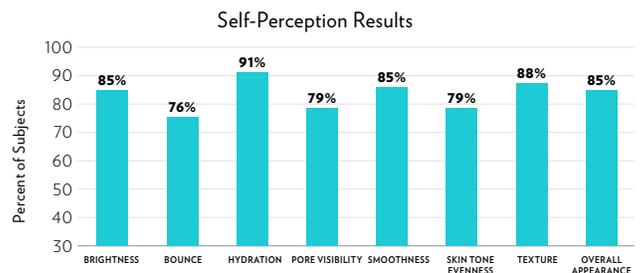

WHAT POWERS IT

- **Brightening Blend**—this concentration of brightening ingredients promotes brighter, more radiant-looking skin*
- **Caviar Lime Fruit Extract**—encourages exfoliation and increased cellular turnover for visibly smoother, even-toned skin.
- **Plumping Blend**—hydrates and softens, while giving skin a fuller, plumper appearance.
- **ageLOC Blend**—Nu Skin's exclusive technology that targets the sources of aging to help maintain a youthful, vibrant appearance.

*Brightening Blend contains a unique ingredient grown or cultivated through a controlled environment.

CLINICALS THAT PROVE IT

Nu Skin commissioned a third-party clinical study to evaluate the benefits of ageLOC Brightening Serum. Study participants (25–40 years old) used the serum once a day for 12 weeks, at which point data was gathered via clinical and self-perception assessments. The clinical grader reported significant benefits in the following key areas: Bounce, Brightness, Plumpness, and Skin Softness. The following percent of participants also noted improvements in these skin characteristics:

HOW TO USE IT

Use ageLOC Brightening Serum morning and night. After cleansing and toning, apply to your face with a gentle, upward-outward motion. In the morning, follow with your favorite moisturizer and sunscreen. At night, follow with your favorite moisturizer.

AGELOC® BRIGHTENING SERUM

LEARN MORE ABOUT IT

How is ageLOC Brightening Serum different from other serums?

ageLOC Brightening Serum was specifically created to keep skin acting—and looking—younger. That means our R&D scientists selected ingredients known for their targeted effects on radiance, resilience, texture, and tone. With three Nu Skin-exclusive ingredient blends (ageLOC Blend, Brightening Blend, and Plumping Blend), this potent formula delivers. Get ready for a fresher, more luminous appearance!

How is *Pancratium Maritimum* Extract sourced?

Pancratium Maritimum Extract—commonly known as Sea Daffodil—grows close to the sea on sand dunes where it is readily exposed to sunlight. Because of its protected species status, our manufacturer cultivates it in greenhouses.

How does ageLOC Brightening Serum support Nu Skin's commitment to become more sustainable?

ageLOC Brightening Serum's bottle is made with 15% post-consumer resin. Please check your local capabilities and recycle the bottle and carton where possible. By purchasing ageLOC Brightening Serum, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us. Please visit www.nuskin.com/sustainability for more information and details on how to recycle.

What Is Groviv®?

Groviv is Nu Skin's innovative initiative to source ingredients through controlled environments—a technology-based approach to agriculture and ingredient cultivation. Groviv-certified ingredients grow within an enclosed growing structure using technologies that ensure optimal conditions from seed to solution. If you see a Groviv mark on a Nu Skin product package, it means the product contains an ingredient or ingredients grown or cultivated through controlled environments.
