

NU SKIN FACIAL SPA

# NU SKIN FACIAL SPA AND CONDUCTIVE GEL

Nu Skin has unlocked the future of skin care with its in-home spa, the Nu Skin Facial Spa with Conductive Gel. Using micro current technology, this powerful combination stimulates and tones the skin resulting in an improved appearance.

INDULGE IN A LUXURIOUS 10-MINUTE  
SPA EXPERIENCE FOR A MORE RADIANT,  
YOUTHFUL FACE.

# NU SKIN FACIAL SPA

Indulge in a luxurious 10-minute spa experience for a more radiant, youthful appearance that will leave people wondering about your age—and your secret.

## BENEFITS:

- Stimulates skin for improved appearance.
- Provides facial toning—improving facial contour and making the skin look more voluminous.
- Features microcurrent technology.

# NU SKIN CONDUCTIVE GEL

**SPECIFICALLY** formulated for use with the Nu Skin Facial Spa. Nu Skin Conductive Gel ensures adequate conductivity throughout your spa session, while helping the Nu Skin Facial Spa glide across the skin.

# NU SKIN FACIAL SPA

## A Simple Routine:

STEPS	PRODUCT	USAGE
1	ageLOC Gentle Cleanse & Tone	Daily, Morning & Night
2	Nu Skin Conductive Gel	3 Times Per Week
3	ageLOC Rejuvenating Gel Mask	3 Times Per Week
4	Nu Skin Treatment Product or Moisturizer	Daily, Morning & Night

## FIVE STEPS TO YOUNGER SKIN

- 1 Begin by cleansing the face with ageLOC Gentle Cleanse & Tone.
- 2 Next apply a generous amount of Nu Skin Conductive Gel to the face. Then select setting number 4 on the Facial Spa, and gently massage for five minutes, using the techniques provided on pages 7-8.
- 3 Leave any remaining gel from the first setting on the face and apply another generous amount. Select setting number 3 on the Facial Spa, and massage for five minutes.
- 4 Remove any excess Conductive Gel from the skin. Apply a generous amount of ageLOC Rejuvenating Gel Mask and let it sit on the skin for 1-2 minutes.
- 5 Remove any excess ageLOC Rejuvenating Gel Mask. Finish with the Nu Skin treatment product or moisturizer of your choice.

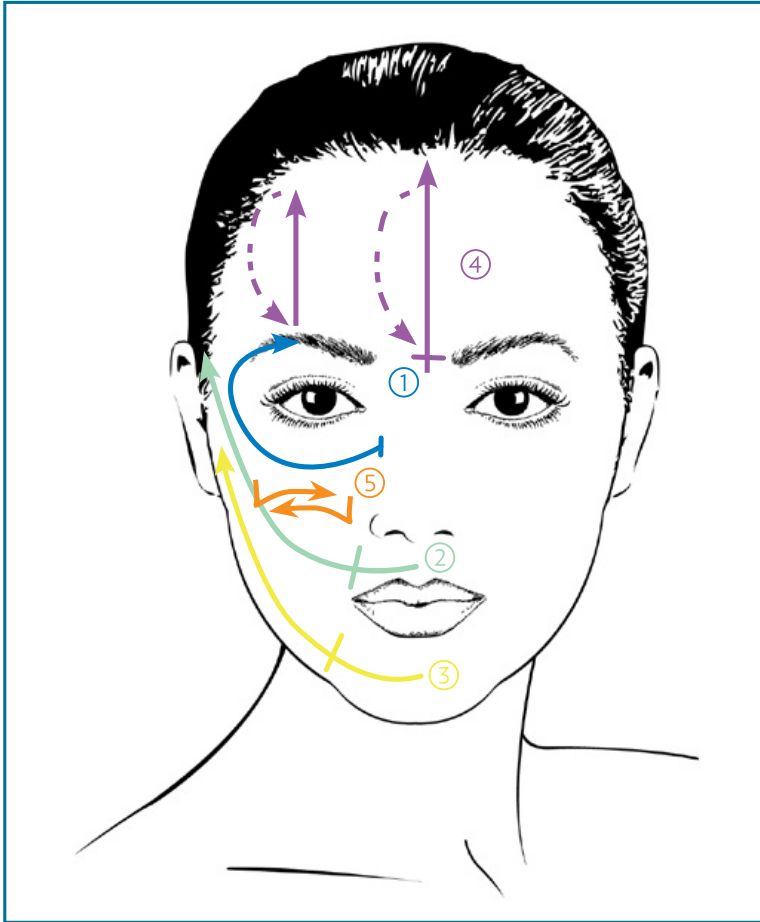

# FACIAL TECHNIQUES

## HOW TO USE YOUR FACIAL SPA

With all of these movements, gently come back to the starting position and repeat several times. Make sure the Facial Spa maintains constant contact with the skin during each treatment.

- ① EYE AREA: Following the bone structure around your eye, start under the eyes and move up around the eye, holding firmly at the top of the eyebrow (do not use close to eyelid or eyes).
- ② SMILE LINE: Start just under the nose, move to the smile line and hold. Then move straight upward and outward to the temple and hold.
- ③ CHIN: Start in the middle of the chin, below your lips, move up to the lower smile line and hold. Then continue in an upward and outward motion to the edge of your face just in front of the ear.
- ④ FOREHEAD: Start at the bridge of your nose, move the instrument up to your “thinker lines” and hold. Then continue on to your hair line. Move across the forehead using these same movements.
- ⑤ NOSE/CHEEK: Hold the instrument at a 90-degree angle on the side of your nose and then move to the middle of your cheekbone and back.

FOCUS ON YOUR AREAS OF CONCERN

# AGELOC REJUVENATING GEL MASK

Reveal refreshed, hydrated, and incredibly soft skin with ageLOC Rejuvenating Gel Mask. Now you can revitalize, rejuvenate, and soothe your skin for a fresh and supple feel. ageLOC Rejuvenating Gel Mask is formulated with Nu Skin's proprietary ageLOC ingredients to target aging at its source to preserve the look of youth and reduce the appearance of aging.

- ageLOC proprietary blend targets the sources of aging.
- Vitamine E provides antioxidant protection.
- Sandalwood hydrates the skin.
- For optimal results use after a Facial Spa treatment.
