

VENIX®

PROMOTES HEALTHY SEXUAL WELL-BEING*

MEET VENIX

A superior sexual health solution. Venix is an all-natural dietary supplement uniquely formulated to help improve your intimate moments. Combining Cordyceps Sinensis, Ginkgo Biloba Extract, and L-Arginine, this proprietary blend of potent ingredients helps promote sexual well-being.* Venix is a perfect supplement to support your long-term sexual health.

WHY YOU'LL LOVE IT

- Clinically proven to promote sexual well-being*
- Promotes vitality and stamina*
- Assists the body in maintaining healthy hormonal balance*
- Supports blood circulation essential to normal sexual function*
- Made with natural ingredients.
- Scientifically proven safe and effective.

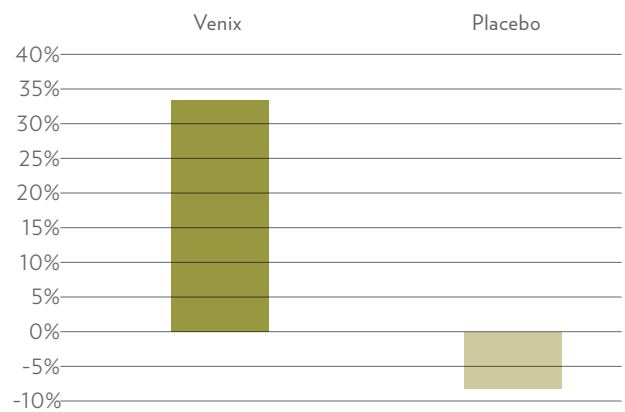

WHAT POWERS IT

- **Cordyceps Sinensis Cs-4**—promotes vitality, stamina, and reduced fatigue.
- **Ginkgo Biloba Extract**—a standardized plant extract with potent antioxidants, used for its positive effects on blood flow.
- **L-Arginine**—an amino acid and precursor to nitric oxide, a vasodilator that aids in healthy blood circulation.

CLINICALS THAT PROVE IT

In a clinical study, Venix significantly improved sexual well-being in men experiencing diminished sexual function.

CHANGE IN SEXUAL FUNCTION

Overall, 72% of participants who used Venix experienced marked improvement in sexual well-being.*

HOW TO USE IT

Take two capsules twice daily with food. Do not exceed four capsules daily. Store in a cool, dry place.

LEARN MORE ABOUT IT

How does Venix work?

Venix helps promote sexual well-being in three important ways—supporting healthy blood circulation, promoting vitality and stamina, and assisting the body in maintaining a healthy hormonal balance.* These are all important elements in normal sexual function.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

VENIX®

How are the ingredients in Venix standardized?

The Ginkgo Biloba Extract in Venix is standardized to 27% ginkgo flavone glycosides and 7% terpene lactones. Each batch of Cordyceps Sinensis is standardized by HPLC to guarantee potency and consistent results by supplying minimum levels of 0.14% adenosine. An additional test method is used to standardize to ≥5% mannitol, an indicator of polysaccharide content.

Is Venix safe?

The ingredients in Venix are safe and have no reported side effects when used as directed.
