

NTC AMBASSADOR

—QUALIFICATION FAQs

Do I need to be on ADP, ADR, or ARO to qualify as an Ambassador?

No. All of your own orders, your member's orders, and your personally sponsored Brand Affiliate's orders will count towards your Ambassador qualification requirements.

Do I need to be on ADP, ADR or ARO to qualify as a Chief Ambassador?

No. All of your own orders, your member's orders and as well as your personally sponsored Brand Affiliate's orders will count towards your Chief Ambassador qualification requirements.

How does the volume count?

The Ambassador qualification requirements remain the same at 16 bags per month for two consecutive months. At least 4 of those bags per month must be personally purchased by you, a customer, or member. The remaining qualifying bags may be purchased in any combination of volume from your own personal purchases and/or personally sponsored Brand Affiliates' volume.

Do the qualifying months need to be consecutive?

Yes. While we appreciate the effort, non-consecutive giving will not count toward your qualification.

How and when will Ambassadors and Chief Ambassador's be recognized?

All levels of Ambassador will receive a lapel pin when they qualify. Additional digital badges may be earned in the Volumes and Genealogy program when a leader becomes an Ambassador or Chief Ambassador and can be shared on through social media.

New Ambassadors and new Chief Ambassadors who have qualified between August 2017–July 2019 and who are active in July 2019 will be recognized at Nu Skin LIVE.
