

NUTRICENTIALS™

COMPLEXION PROTECTION

Your skin has a mind of its own. But now you can make it resilient to what life throws at you with a bioadaptive skin care system that helps your skin adapt to environmental stressors like late nights and pollution and helps protect against UV and blue light rays—for better, balanced skin every single day. It's so intuitive, it knows what your skin needs before you do. And with clean formulas, you can feel confident about what you're putting on your skin. Nutricentials Bioadaptive Skin Care®. Make every day a great skin day.

MEET COMPLEXION PROTECTION

Protect, adapt, and thrive with Nutricentials Complexion Protection. This lightweight, broad spectrum SPF 50 mineral sunscreen is made with our Bioadaptive Botanical Complex to help protect against, and increase resiliency to, everyday stressors like pollution and free radicals. At the same time, a Blue Light and Infrared Antioxidant Blend adds even more protection to help prevent visible discoloration and dull-looking skin. All in a formula with lightly tinted coverage that blends perfectly with a variety of skin tones, enhancing your skin's natural radiance without leaving behind any white residue or sunscreen smell. Complexion Protection is the perfect pick for a healthy, glowing complexion.

WHY YOU'LL LOVE IT

- Made with bioadaptive botanicals, also known as adaptogens, that help your skin adapt to its unique and ever-changing environment, so you can always put your best face forward.
- Helps protect against, and increase resiliency to, the damaging effects of stress, pollution, and free radicals.
- A clean formula with worry-free ingredients you can feel good about putting on your skin.
- Provides broad spectrum SPF 50 protection in a 100% mineral sunscreen formula featuring zinc oxide and titanium dioxide.
- Helps protect against the damaging effects of blue light and infrared exposure, including discoloration, dullness, and premature aging.
- Enhances skin's natural glow with translucent coverage for a variety of skin tones.
- Leaves skin feeling soft, smooth, and makeup-ready, with no white residue or sunscreen smell.

- Non-comedogenic—doesn't clog pores.
- Features *Chlorella Vulgaris*, a unique ingredient grown or cultivated through controlled environment agriculture.
- Features packaging that is proudly made with 61% post-consumer resin.

WHAT POWERS IT

- Bioadaptive Botanical Complex (Rhodiola, Maral Root, Siberian Ginseng, Chaga Mushroom, and Resurrection Plant)—a blend of botanical extracts from plants known as adaptogens that thrive in extreme climates and can help your skin bounce back from stressors.
- Blue Light and Infrared Antioxidant Blend (Carnosine, Pumpkin Extract, and Buriti Oil)—provides antioxidant protection to help prevent the visibly damaging effects of blue light and infrared, like discoloration and dull-looking skin.
- Vitamin E—an antioxidant that protects against free radicals caused by harmful environmental stressors.
- Moisture Complex (Sunflower Extract, Safflower Extract, Rosemary Extract, Dimethicone, and *Chlorella Vulgaris*)—gently hydrates skin with lightweight moisturization.

HOW TO USE IT

After moisturizing, shake, then apply a generous amount to face and neck in an upward, outward motion. Use daily.

- Nutricentials Celltrex® Always Right Recovery Fluid
- Nutricentials Thirst Fix Hydrating Gel Cream
- Nutricentials Moisturize Me Intense Hydrating Cream

NUTRICENTIALS® COMPLEXION PROTECTION

LEARN MORE ABOUT IT

What are Nutricentials bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. These special properties help your skin adapt to its changing and unique environment so it can recover from—and gain resiliency to—environmental stressors.

In addition to SPF 50 broad spectrum UV protection, is Complexion Protection also a moisturizer?

Complexion Protection is not a primary moisturizer, but it does gently hydrate skin. Complexion Protection is intended to be the last step of your daily skin care routine, after your favorite Nu Skin® moisturizer.

Can I use Complexion Protection if I already use SPF?

Yes. While it's not necessary to have two layers of SPF, it doesn't hurt to double up.

2 How does Nutricentials support Nu Skin's commitment to become more sustainable?

As responsible stewards of our planet, we have proudly created the Complexion Protection tube with 61% post-consumer resin (PCR).

All of our Nutricentials bottles are made from 100% PCR, and our tubes are made with 34–61% PCR, saving a combined total of approximately 40 tons of virgin plastic every year.* Please check your local capabilities and recycle all bottles, cartons, and jars where possible. By purchasing Nutricentials, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us. Please visit www.nuskin.com/sustainability for more information and details on how to recycle. *Based on 2021 global forecasts.

What is the Nutricentials commitment to clean formulas?

With our commitment to transparency, sustainability, and using only the best of science and nature, we bring you clean formulas based on our Nutricentials worry-free ingredient list—all in sustainable packaging. So you can feel confident in your natural glow and in your skin care. Nutricentials Bioadaptive Skin Care™ is responsible skin care for ingredient-conscious consumers.

What is the Nutricentials worry-free ingredient list?

The Nutricentials worry-free ingredient list is a list of ingredients that you'll never find in any Nutricentials formula:

BHA/BHT	MI/MCI	POLYETHYLENE BEADS
COAL TAR	MINERAL OIL	PROPYLENE GLYCOL
DYES	OXYBENZONE	RETINYL PALMITATE
EDTA†	PARABENS	SLS/SLES
FORMALDEHYDE	PARAFFIN	TOLUENE
FRAGRANCE ABOVE 1%	PEGs	TRICLOCARBAN
HYDROQUINONE	PETROLATUM	TRICLOSAN
MEA/DEA/TEA	PHTHALATES	

†except in sunscreens, for stability.

What is Controlled Environment Agriculture (CEA)?

Controlled Environmental Agriculture is a technology-based approach to growing and cultivating ingredients that are sustainable. Ingredients grown or cultivated using CEA are developed within a regulated environment using technologies that help to ensure optimal conditions from seed to solution.

WHAT'S IN IT

Active Ingredients: Titanium Dioxide (2.6%), Zinc Oxide (20.3%).

Inactive Ingredients: Cyclopentasiloxane, Water (Aqua), Trisiloxane, Dimethicone, Butylene Glycol, Polyglyceryl-3 Polydimethylsiloxyethyl Dimethicone, Cyclohexasiloxane, Distearidimonium Hectorite, Dimethicone/Vinyl Dimethicone Crosspolymer, Methicone, Caprylic/Capric Triglyceride, Sodium Chloride, Chlorella Vulgaris Extract, Carnosine, Acanthopanax Senticosus (Eleuthero) Root Extract, Rhaponticum Carthamoides Root Extract, Inonotus Obliquus (Mushroom) Extract, Selaginella Lepidophylla Extract, Rhodiola Rosea Extract, Cucurbita Pepo (Pumpkin) Fruit Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Tocopheryl Acetate, Mauritia Flexuosa Fruit Oil, Helianthus Annuus (Sunflower) Seed Oil, Carthamus Tinctorius (Safflower) Seed Oil, Dimethicone/Polyglycerin-3 Crosspolymer, Stearic Acid, Silica, Phenyl Trimethicone, Triethyl Citrate, Isopropyl Titanium Triisostearate, Aluminum Hydroxide, Sodium Citrate, Sodium Dehydroacetate, Hydroxyacetophenone, Chlorphenesin, Iron Oxides (CI 77492), Iron Oxides (CI 77491), Iron Oxides (CI 77499).
