Younger Looking Skin Is Just a Week Away

The Signs of Skin Aging

When you are young, your skin functions optimally. Skin appears smooth, firm, and even toned. As you age, your skin slowly loses these youthful attributes. The effects of biological aging and environmental damage accumulate, and over time your skin's behavior changes—healthy behaviors decrease and aging behaviors increase—leaving you with lines, wrinkles, enlarged pores, and a rough, dull complexion.

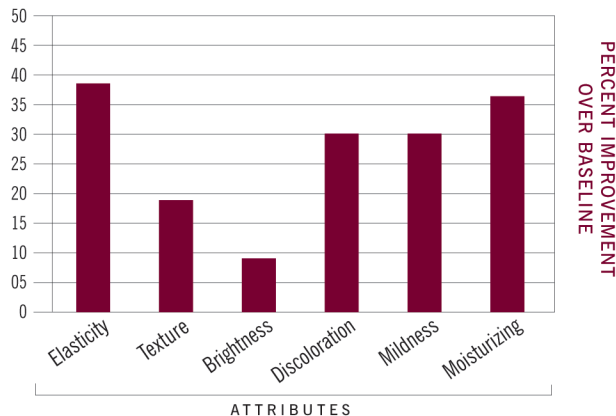

Younger Looking Skin Is Just a Week Away

Your skin is telling you it's time to make a change. Decide today to look younger next week with Nu Skin 180[®]. Featuring the powerful anti-aging benefits of polyhydroxy acid, the Nu Skin 180[®] System is designed to reverse the full range of aging effects. Gentle enough to use every day, by all skin types, yet powerful enough to produce visible results in just seven days.

Nu Skin 180[®] is clinically proven to diminish fine lines and wrinkles, refine texture, improve elasticity, and even skin tone while delivering moisturization essential for younger looking skin.

All of this comes in a system that is gentle enough for use every day, by all skin types, yet powerful enough to produce visible results in just seven days.

Nu Skin 180[®] Face Wash

Cleanse away years of environmental aging. Nu Skin 180[®] Face Wash contains 10% active, efficacious vitamin C, making it one of the most extraordinary anti-aging cleansers available. This level of concentrated vitamin C is a potent tool against multiple signs of aging. In addition to targeting age spots and discoloration, this rich, creamy formula helps support collagen production to diminish lines and wrinkles. Treat your skin to the ultimate anti-aging cleanser for a fresh, clean, more youthful complexion.

Nu Skin 180[®] Skin Mist

Protect your skin's future. Featuring HMW Complex and di- and tri-peptides from hydrolyzed rice protein, Nu Skin 180[®] Skin Mist protects against future wrinkling and loss of firmness while working to calm and protect against irritation. These peptides work to stimulate the production of dermal proteins and reinforce the defense potential of the skin. Nu Skin's exclusive soothing HMW Complex calms your complexion after exposure to harsh environmental aggressors. These innovative ingredients work together to decrease the appearance of lines and wrinkles and diminish the potential for future aging. Take your skin one step closer to a youthful looking complexion with Nu Skin 180[®] Skin Mist.

Nu Skin 180[®] Cell Renewal Fluid

Reverse the years—without irritation. Featuring the power of 15% polyhydroxy acid (PHA), Nu Skin 180[®] Cell Renewal Fluid gently but effectively accelerates cell renewal, provides antioxidant protection, and enhances skin hydration to smooth texture and diminish the appearance of lines and wrinkles. Soy isoflavones support PHA benefits by promoting the production of skin proteins for total anti-aging benefits. Turn your skin around with clinically proven Nu Skin 180[®] Cell Renewal Fluid.

Nu Skin 180°® UV Block Hydrator

Hydrate and protect your younger looking skin. Nu Skin 180°® UV Block Hydrator SPF 18 blocks a broad spectrum of UVA and UVB rays, preventing premature UV aging. Also formulated with light activated photosomes—DNA repair enzymes from marine plankton—this technologically advanced moisturizing sunscreen defends the skin from future damage and supports repair from past sun exposure.

Nu Skin 180°® Night Complex

Say goodnight to the signs of aging. Nu Skin 180°® Night Complex features creatine to promote recovery from damage caused by exposure to environmental stressors. Created to enhance the skin's cellular recovery process while you sleep, this rich nighttime moisturizer promotes DNA repair, protects against free radical damage, and strengthens the skin's protective barrier. Wake up to a youthful complexion with Nu Skin 180°® Night Complex.
