## MEET AGELOC ELEMENTS SYSTEM

Infuse your skin with the elements of youth. ageLOC Elements products are the modern essentials of anti-aging skin care. Together these products cleanse, purify, renew, moisturize, and reveal younger looking skin—for a more youthful, healthier looking you now and in the future.

## WHY YOU'LL LOVE IT

Each product in ageLOC Elements plays an integral role in delivering the following benefits:

- ageLOC targets the sources of aging to preserve the look of youth and reduce the appearance of aging.
- Provides scientifically proven anti-aging ingredients that visibly reduce the appearance of fine lines and wrinkles.
- Contains advanced anti-aging ingredients that are scientifically proven to:
  - Promote skin cell turnover for a smoother, softer texture you will feel.
  - Help brighten the skin and reduce the appearance of discoloration.
- Advanced formulations are gentle enough for all skin types.
- Replenishes and maintains skin's moisture binding capacity, increasing healthy hydration.

## WHAT THE SYSTEM INCLUDES

- **ageLOC Gentle Cleanse & Tone**—cleanses, purifies, replenishes, and hydrates skin, while preparing it to receive advanced anti-aging ingredients, leaving your skin feeling soft, refreshed, and youthful.

- **ageLOC Radiant Day Broad Spectrum SPF 22**—a lightweight, daily use emulsion that hydrates the skin and fortifies against signs of aging while skin brightening ingredients deliver visibly brighter, more radiant skin. This silky smooth formula also protects against sun damage with broad spectrum SPF 22, promotes youthful cell turnover for a smoother, softer texture, and reduces the appearance of lines and wrinkles.
- **ageLOC Transforming Night**—ultra-mild ingredients work with the skin's natural nighttime renewal process so you wake to glowing, supple, youthful looking skin. Specially formulated to reduce the look of fine lines, wrinkles, and pores, this premium night cream supplements the skin's natural moisture-binding ability for deep hydration.

## WHAT POWERS IT

- **ageLOC Proprietary Blend**—targets the sources of aging to preserve the look of youth.
- **Pea Extract, Bamboo Extract, and Glucosamine**—a powerful anti-aging ingredient blend that has been shown to reduce the appearance of fine lines and wrinkles and increase cell turnover resulting in visually youthful skin.
- **Hexapeptide-2**—helps reveal brighter, more radiant skin and reduces discoloration.
- **Hyaluronic Acid**—a moisturizing compound found naturally in the skin; selected for its capacity to bind and hold moisture to the skin.

## LEARN MORE ABOUT IT

Is ageLOC Elements a complete regimen?

Yes. ageLOC Elements consists of a cleanse and tone combination product, a day lotion, and a night cream. Targeted treatment products can be added based on individual skin needs.

Why isn't there a separate toner in this system?

ageLOC Gentle Cleanse & Tone is a cleanser and toner combined, which may be a different format than other anti-aging systems. ageLOC Gentle Cleanse & Tone gently cleanses, purifies, and hydrates skin, preparing it to receive advanced anti-aging ingredients. The dual-action formula works gently at skin's own natural healthy pH, combining cleansing and toning into a single step, while leaving skin looking refreshed and youthful. While some systems require a separate toner step, ageLOC Elements System does not due to the unique nature of these premier anti-aging products.

Can I use other treatment products from core systems, Tru Face, etc. with ageLOC Elements?

Yes. You may customize ageLOC Elements to meet specific skin needs by adding additional treatment products.

Can I add an additional toner to ageLOC Elements?

If you desire, you may add a toner to ageLOC Elements after using ageLOC Gentle Cleanse & Tone, although one is not needed. The only benefit of doing so would be the addition of key ingredients from that product, such as skin lightening from Tri-Phasic White® Toner or reduced shine and oiliness from pH Balance Mattefying Toner.
