DID YOU KNOW?

- As young adults, our skin has high levels of elastin—on average 14% to 18%.
- After we reach the age of 30–35, our resilient and firm skin starts to give way to a sagging and wrinkling appearance.
- When elastin begins to decrease, skin is no longer able to retract to its original young, firm state. This causes the skin to lose contour and firmness and start to sag.

FIGHT FOR FIRM

Now you can change the way your skin ages and embrace the look of youth with ageLOC® Tru Face® Essence Ultra. Formulated with the power of Ethocyn®, Nu Skin's firming specialist now also employs our revolutionary anti-aging science, targeting the sources of aging that can lead to the loss of firmness. Leave undefined skin in the past and enjoy firmer, younger looking skin today and in the future, with ageLOC Tru Face Essence Ultra.

TRU FACE ESSENCE ULTRA KEY INGREDIENTS

ageLOC® Proprietary Blend—targets the sources of aging.

Ethocyn®—an anti-aging ingredient that has been clinically proven to improve the key component of firm skin.

Antioxidant Network—helps protect the skin from free radicals.

ETHOCYN® IS THE TRADEMARK FOR THE INGREDIENT DEVELOPED BY CHANTAL BURNISON, AND MANUFACTURED FOR NU SKIN BY BCS PHARMA CORPORATION.

CLINICAL STUDY

In a 12 week, third party study, over 55% of the subjects reported improvements both in overall firmness and firmness around the eyes in as little as one week.

By week 12, an impressive 80% of subjects were showing improvements in these same areas.
