## TRU FACE® ESSENCE DUET Neck and Décolleté

### PRODUCT OVERVIEW

The skin on the neck and décolleté is prone to unique signs of aging. Support the way your skin ages in this vulnerable area and embrace the look of youth. Introducing ageLOC® Tru Face® Essence Duet—Neck and Décolleté.

ageLOC Tru Face Essence Duet is a dual chamber system that combines two powerful formulas to be mixed at the moment of use to bring ageLOC ingredients and benefits to the neck and décolleté. This silky smooth formula helps limit the loss of elasticity to promote contouring and visibly lift and soften the skin. ageLOC Tru Face Essence Duet provides advanced optical technology, diffusing light instantly to help skin look smoother and improve the appearance of the skin's surface. Don't let your neck and décolleté look older than your face. Enjoy brighter, ageless looking skin with ageLOC Tru Face Essence Duet.

### TARGET AUDIENCE

Women and men looking to increase the appearance of contoured, even-complected skin in the neck and décolleté areas.

### PRODUCT BENEFITS

- ageLOC targets sources of aging to preserve the look of youth and reduce the appearance of aging
- Formulated to contour and tone the décolleté
- Designed to increase the appearance of tight skin on the neck
- Provides advanced moisturization and smoothness
- Helps promote skin cell turnover to improve skin's texture
- Uses optical technology to diffuse light and instantly improve skin radiance

### KEY INGREDIENTS

- **ageLOC Proprietary Blend**—targets the sources of aging to preserve the look of youth and reduce the appearance of aging.
- **Ethocyn®\***—an anti-aging ingredient that has been clinically proven to improve a key component of more contoured skin.
- **Trifluoroacetyl Tripeptide-2**—helps the skin feel more supple and appear more elastic and lifted.

### USAGE

Use desired amount each morning and evening after cleansing. Dispense into hands, mix, and gently smooth over neck and décolleté. In the morning, follow up with a sunscreen.

### COMPLEMENTARY PRODUCTS

- **ageLOC® Tru Face® Essence Ultra**—helps contour the skin, protect the skin from free radicals, and define skin around the eyes, chin, and jawline.
- **Tru Face® Priming Solution**—prepares your skin to optimize the anti-aging power of Tru Face products.
- **Tru Face® Line Corrector**—reduces the appearance of lines and wrinkles.

### FREQUENTLY ASKED QUESTIONS

**How is ageLOC Tru Face Essence Duet different from ageLOC Tru Face Essence Ultra?**

Duet extends the benefits of ageLOC Tru Face Essence Ultra beyond the face. It provides targeted anti-aging and intense moisturization for the neck and décolleté. To adequately address the needs of your skin, we formulated Duet specifically for these vulnerable areas.

# ageLOC® TRU FACE® ESSENCE DUET

## Why does ageLOC Tru Face Essence Duet have dual chambers?

ageLOC Duet was formulated with a unique format and aesthetic. This product combines a gel and lotion to provide an unprecedented cushiony feel users will love. The airless pump helps provide this exclusive product in even doses.

## What are the differences between the two products in the dual chambers in ageLOC Tru Face Essence Duet?

The opaque white cream in one chamber includes a proprietary ageLOC blend and other anti-aging actives. It helps to provide extra moisturization and instant radiance while helping to improve skin texture through enhanced cell turnover. The clear formula in the second chamber contains a blend of ingredients similar to ageLOC Tru Face Essence Ultra designed specifically to provide contouring benefits to the neck and décolleté.

## How does ageLOC Tru Face Essence Duet fit into my skin care regimen?

After cleansing in the morning, apply ageLOC Tru Face Essence Duet to your neck and décolleté. Follow up with sunscreen or another product with SPF. At night, apply Duet after cleansing, before going to bed.

## INGREDIENTS
