

AP 24® WHITENING FLUORIDE-FREE TOOTHPASTE

PRODUCT OVERVIEW

Brightens and whitens teeth. AP 24 Whitening Fluoride-Free Toothpaste lightens teeth without peroxide while preventing plaque formation. This gentle, vanilla mint formula freshens breath and provides a clean, just-brushed feeling that lasts all day.

BENEFITS

- Lightens teeth without peroxides.
- Provides a long-lasting, smooth, clean, fresh-mouth feeling.
- Refreshing, vanilla mint flavor.

KEY INGREDIENTS

- **AP 24**—a plaque-fighting agent of medical-grade dimethicone and surfactants. AP 24 is a long chain that can wrap around teeth and hold tightly to leave your mouth feeling slicker and fresher longer.
- **Proprietary blend of hydrated silica and aluminum hydroxide**— a unique combination of mild abrasives that polishes and smooths teeth without eroding enamel.

USAGE/APPLICATION

Adults and children 6 years of age and older: brush teeth thoroughly, preferably after each meal, at least twice a day or as directed by a dentist or physician.

WARNING: Keep out of reach of children under 6 years of age. Supervise children as necessary to prevent swallowing. Consult a dentist or physician before using on children under 2 years of age.

FREQUENTLY ASKED QUESTIONS

What is the difference between AP 24 Whitening Fluoride Toothpaste and AP 24 Whitening Fluoride-Free Toothpaste?

AP 24 Whitening Fluoride-Free Toothpaste is formulated just like AP 24 Whitening Fluoride Toothpaste, just without the fluoride.

What makes Nu Skin's whitening technology different?

- **No peroxides**—they have the potential to cause tooth and gum sensitivity.
- **No harsh abrasives**—they remove stains, but erode and scratch teeth.

Will AP 24 Whitening Fluoride-Free Toothpaste make my teeth whiter than they are naturally?

No. AP 24 Whitening Fluoride-Free Toothpaste is not an oxidizing, bleaching agent. However, if your teeth are stained, darkened, or soiled from various foods, tobacco, or drinks, AP 24 Whitening Fluoride-Free Toothpaste will quickly remove the stains and return your teeth to their light, natural color.
