## MEET FACE LIFT SENSITIVE

*We could all use a little lift from time to time.* Take some time out for you and your skin with Face Lift Sensitive. This powerful, yet gentle, mixture visibly lifts and tightens skin around your face and neck to give you a natural, youthful look. Face Lift Sensitive is a powder and liquid mixture that draws on the natural properties of acacia to visibly smooth away fine lines and wrinkles within minutes. Specifically made with ingredients ideal for those with sensitive skin, Face Lift Sensitive can gently turn the clock back and make you look years younger.

## WHY YOU'LL LOVE IT

- Instantly lifts and tightens the appearance of trouble areas on the face and neck.
- Instantly diminishes the appearance of lines and wrinkles.
- Visibly improves the appearance of your skin's tone and texture, leaving you with a smoother, tighter, more youthful look.
- Mild formula designed for sensitive skin.
- Fragrance-free.
- Safety-dermatologist tested.

## WHAT POWERS IT

- **Acacia Powder**—a natural gum that visibly tightens and lifts the skin.
- **Hydrolyzed Wheat Protein**—enhances the tightening action of the visible lift while acting as a skin conditioner.

## HOW TO USE IT

Cleanse and tone face and neck. Mix one teaspoon of Face Lift Activator with one teaspoon of Face Lift Powder in a clean container. Stir to the consistency of a thin lotion. Using a clean Fan Lift brush, apply an even, light coat using an upward-outward motion. Leave on for 30 minutes. Rinse thoroughly with warm water. Follow with your regular skin

care regimen. Use once or twice weekly.

**Note:** You may want to test for irritation on a small, unnoticeable two-inch area such as behind the ear.

## LEARN MORE ABOUT IT

**How does Face Lift Sensitive work?**

Face Lift Sensitive contains a natural gum from acacia that visibly tightens and firms the skin as the formula dries. This contracting action also makes lines and wrinkles less visible.

**How long do the results last?**

The benefits of Face Lift Sensitive are temporary and will last about 6 to 10 hours. You must continue to use the formula to get continued results.

**What is the difference between Face Lift Sensitive and Face Lift Original?**

The difference is in the ingredients used to tighten and lift the skin's appearance. Face Lift Sensitive uses acacia powder, whereas Face Lift Original uses albumen, which is an egg-derivative.

**How often should I use Face Lift Sensitive?**

You can use the formula one to two times a week to temporarily tighten and firm the skin's appearance.
