

NUTRICENTIALS® MOISTURE RESTORE DAY PROTECTIVE LOTION NORMAL TO DRY

Your skin has a mind of its own. But now you can make it resilient to its mood swings. The Nutricentials system helps your skin adapt to environmental stressors like late nights, pollution, and UV rays—for better, balanced skin every single day. *Nutricentials. Great skin. Great day.*

MEET MOISTURE RESTORE DAY PROTECTIVE LOTION NORMAL TO DRY

Say hello to healthy looking skin. This formula is designed especially for normal to dry skin—contains bioadaptive botanical extracts and a radiance blend to help your skin look vibrant throughout your day. Apply each morning for a burst of moisturization that gives you a dewy, radiant appearance and provides broad spectrum sunscreen protection. It's your great skin go-to.

WHY YOU'LL LOVE IT

- Made with bioadaptive botanicals that help your skin adapt to its environment.
- Moisturizes with rich, hydrating ingredients for a dewy, radiant appearance.
- Helps protect skin against sun damage, free radicals, pollution, and daily stress.
- Helps protect the skin barrier and increase skin resilience.
- Leaves skin feeling soft, refreshed, and renewed.
- Promotes vibrant, healthy looking skin.
- Paraben-free, mineral oil-free, phthalate-free.

WHAT POWERS IT

- Bioadaptive Botanical Complex (Rhodiola, Maral Root, Siberian Ginseng, Chaga Mushroom, and Resurrection Plant)—botanical extracts from plants that thrive in extreme climates and can help your skin bounce back from stressors.
- Radiance Blend (Meadowfoam Seed Oil, Shea Butter, Evening Primrose)—hydrates and protects skin's natural moisture barrier.

HOW TO USE IT

After applying Celltrex® Ultra Recovery Fluid in the morning, rub a small amount onto face and neck in an upward and outward motion.

TRY THESE WITH IT

- Celltrex Ultra Recovery Fluid
- Celltrex Ultra Recovery Mask
- Creamy Cleansing Lotion
- pH Balance Toner

LEARN MORE ABOUT IT

What are bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. These special properties increase the plant's resilience and help them—and your skin—recover from all kinds of damage and stress.

What's the difference between the Moisture Restore Day lotions and Moisture Restore Intense Moisturizer or Night Supply?

Moisture Restore Day lotions are enhanced with sunscreen to protect against sun damage. Moisture Restore Intense Moisturizer and Night Supply do not contain sunscreen, but they offer more intense moisturization and are specifically formulated to enhance the skin's natural nighttime recovery process.

How is Moisture Restore Day Protective Lotion Normal to Dry protective?

Moisture Restore Day Protective Lotion Normal to Dry contains broad spectrum sunscreen filters to protect the skin from sun damage.

NUTRICENTIALS® MOISTURE RESTORE DAY PROTECTIVE LOTION NORMAL TO DRY

What can I do if my skin still feels dry after applying Moisture Restore Day Protective Lotion Normal to Dry?

Two great products that can help are Celltrex Ultra Recovery Mask and Creamy Hydrating Masque. Adding these two products to your skin care routine can help boost the moisture levels in your skin. If this still does not meet your skin's needs, you can apply Moisture Restore Intense Moisturizer before Moisture Restore Day Protective Lotion Normal to Dry.

WHAT'S IN IT

Active: Ethylhexyl Methoxycinnamate, Zinc Oxide.
