pH BALANCE MATTEFYING TONER

COMBINATION TO OILY

Your skin has a mind of its own. But now you can make it resilient to its mood swings. The Nutricentials system helps your skin adapt to environmental stressors like late nights, pollution, and UV rays—for better, balanced skin every single day. **Nutricentials. Great skin. Great day.**

MEET pH BALANCE MATTEFYING TONER COMBINATION TO OILY

Wave goodbye to unwanted shine and hello to radiantly matte skin. The secret is in the bi-phasic formula of Nutricentials pH Balance Mattefying Toner—it mixes oil-absorbing powders and clarifying liquids to boost moisture and help give skin a gorgeous matte finish. It also brings skin back to its ideal pH level after cleansing, which preps it for serums and moisturizers. Made with bioadaptive botanicals and flower extracts, this toner helps purify, soothe, and balance skin to give you a smooth and radiant complexion. Refine and refresh skin after cleansing with pH Balance Mattefying Toner.

LEARN ABOUT IT

What are bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. These special properties increase the plant's resilience and helps them—and your skin—recover from all kinds of damage and stress.

What is the benefit of using a toner?

Toners have several important benefits for skin. Good toners add a boost of hydration after washing, diminish

the appearance of pores, and balance skin's pH levels so skin is prepped for serums and moisturizers.

What is the benefit of restoring the skin's ideal pH?

Restoring your skin's ideal pH reduces stress and increases your skin's ability to absorb the active ingredients from other serums and moisturizers.

What makes the formula blue?

pH Balance Mattefying Toner contains Copper PCA, which is a naturally blue humectant that attracts and retains moisture in the air, helping to keep your skin moisturized. This particular humectant works well with combination to oily skin types.
