# NUTRICENTIALS® PURE CLEANSING GEL COMBINATION TO OILY

**How is Pure Cleansing Gel different from other facial cleansers for combination to oily skin types?**

Other cleansers for combination to oily skin types focus on ridding skin of oil, which can lead to overdrying. Pure Cleansing Gel contains a moisture balancing blend made of geranium, fennel, and lemon extracts and glycerin. This blend helps your skin stay comfortably moisturized while the cleanser removes excess oil and dirt from your skin.

**Does Pure Cleansing Gel help with oily skin?**

Absolutely. Pure Cleansing Gel effectively removes excess oil and debris from skin and contains moisturizing ingredients to help keep oil levels balanced.

**How often should I use Pure Cleansing Gel?**

We recommend using Pure Cleansing Gel in the morning and evening to keep your skin clear of pore-blocking debris. However, you can use Pure Cleansing Gel more often as you need.
