properties increase the plant's resilience and help them—and your skin—recover from all kinds of damage and stress.

Can I use Celltrex Ultra Recovery Mask more than 2–3 times a week?

You can use Celltrex Ultra Recovery Mask as often as you desire. The soft cotton sheet and powerful hydrating formula are gentle on skin and leave your face feeling smooth and revitalized. We recommend applying a mask 2–3 times per week, or as needed.

How is Celltrex Ultra Recovery Mask related to Celltrex Ultra Recovery Fluid?

Both are treatment steps in your skin care routine. Celltrex Ultra Recovery Mask is designed to be used after your toning step, and acts as an intensive moisturizer that supports your skin's natural recovery process while providing long-lasting hydration. Celltrex Ultra Recovery Fluid is a lightweight serum formulated with bioadaptive botanicals that help your skin adapt to its unique environment. Powerful ingredients provide the right amount of hydration as they visibly plump, increase radiance, and boost protection against whatever life throws at you. You should use Celltrex Ultra Recovery Fluid before Celltrex Ultra Recovery Mask. Use the entire Nutricentials System together to help boost its bioadaptive benefits.
