

NU SKIN 180°[®] ANTI-AGING SKIN THERAPY SYSTEM

MEET NU SKIN 180°

Your skin is telling you it's time to make a change. Decide today to look younger with the Nu Skin 180° Anti-Aging Skin Therapy System. This four-step skin care system is clinically proven to refine texture, even skin tone, and diminish the appearance of fine lines and wrinkles for an overall more youthful appearance. Polyhydroxy acids (PHAs) provide gentle and effective chemical exfoliation, which contributes to more youthful cell turnover and is necessary in maintaining healthy skin.

The PHAs in Nu Skin 180° deliver a variety of anti-aging benefits, including: increasing cell turnover, delivering humectants, enhancing the stratum corneum barrier function, increasing the skin's resistance to external stressors, and defending against skin-aging free radicals by providing powerful antioxidant protection.

WHY YOU'LL LOVE IT

Each product in this system plays an integral role to:

- Increase skin smoothness.
- Begin to reverse the effects of environmental aging in as early as one week.
- Diminish the appearance of pore size.
- Minimize the look of age spots and discoloration.
- Help minimize the appearance of fine lines and wrinkles.

PRODUCTS WITHIN THE SYSTEM

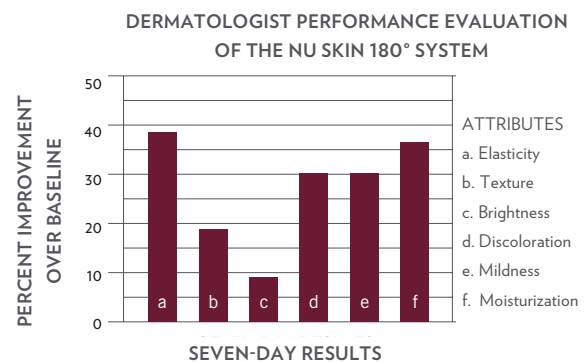

- Nu Skin 180° Face Wash—features 10 percent vitamin C to help reduce the appearance of lines and wrinkles and improve skin tone.
- Nu Skin 180° Skin Mist—contains di- and tri-peptides from hydrolyzed rice protein to help reduce the appear-

ance of lines and wrinkles and HMW complex to help calm the skin.

- Nu Skin 180° Cell Renewal Fluid—formulated with 15 percent PHAs to enhance the skin's natural cell turnover rate, which improves texture, radiance, and pore size while diminishing the appearance of fine lines and wrinkles.
- Nu Skin 180° UV Defense Hydrator—helps diminish the signs of sun damage with micronized zinc oxide to provide full spectrum protection against UVA and UVB rays.
- Nu Skin 180° Night Complex—contains creatine to keep skin smooth, soft, and vibrant.

CLINICALS THAT PROVE IT

Nu Skin 180° is clinically proven to refine texture, minimize discoloration, improve elasticity, and diminish the appearance of fine lines and wrinkles, while delivering moisturizing benefits essential for younger looking skin. This daily use system is powerful enough to produce visible results in just one week.

NU SKIN 180°[®] ANTI-AGING SKIN THERAPY SYSTEM

FYI

When you are young, your skin functions optimally—it appears smooth, firm, and even-toned. However, as you age your skin slowly loses these youthful attributes. The effects of biological aging and environmental damage accumulate and over time your skin's behavior changes—healthy behaviors decrease and aging behaviors increase—leaving you with lines, wrinkles, enlarged pores, and a rough, dull complexion.

HOW TO USE IT

Morning Regimen	Evening Regimen
STEP 1: Face Wash	STEP 1: Face Wash
STEP 2: Skin Mist	STEP 2: Skin Mist
STEP 3: Cell Renewal Fluid	STEP 3: Cell Renewal Fluid
STEP 4: UV Defense Hydrator	STEP 4: Night Complex

TRY THESE WITH IT

- Nu Skin 180° AHA Facial Peel and Neutralizer
- ageLOC® Tru Face® Essence Ultra
- Tru Face Line Corrector

LEARN MORE ABOUT IT

How is the polyhydroxy acid (PHA) featured in Nu Skin 180° Anti-Aging Skin Therapy System different from alphahydroxy acids (AHAs)?

The PHA gluconolactone is clinically shown to be more gentle and cause less irritation than typical AHAs. Those with known skin sensitivities should be careful whenever starting a new skin care system.

What benefits does Nu Skin 180° Anti-Aging Skin Therapy System PHA provide?

In addition to gentle anti-aging benefits, PHAs:

- Deliver humectant and moisturization benefits.
- Enhance stratum corneum barrier function, increasing the skin's resistance to external stressors.
- Defend against skin-aging free radicals by providing powerful antioxidant protection.
