MEET SOLE SOLUTION

Harness the natural benefits of ethnobotanical Crushed Allspice Berry from Central America and tackle persistent dry, rough, cracked feet. This foot-specific formula gently exfoliates skin to remove calluses and dry patches, while nourishing ingredients get to the root of the problem and help keep skin soft, smooth, and radiant. Try Epoch Sole Solution and embrace smooth, comfortable feet all the way down to your soles.

WHY YOU'LL LOVE IT

- Works on the underlying causes of rough, dry, and cracked feet, returning them to a soft, smooth, healthy looking condition.
- Delivers noticeable relief in the first few weeks of use.
- Softens and exfoliates calluses and dead-cell buildup, revealing soft, smooth skin.
- Naturally fragranced with Crushed Allspice Berry.
- Safety-dermatologist tested.
- Nu Skin donates \$0.25 from every Epoch purchase to the Nu Skin Force for Good Foundation.

WHAT POWERS IT

- **Crushed Allspice Berry**—traditionally used in Central America to relieve persistent dry, cracked, red skin on the heels, toes, and sides of feet.
- **Urea**—exfoliates calluses and dead-cell buildup while providing deep moisturization.
- **Papain**—a proteolytic enzyme from papaya that breaks down and loosens thick, rough patches of dry, dead skin.

CLINICALS THAT PROVE IT

Study participants with dry, cracked, or callused feet applied Epoch Sole Solution twice daily for eight weeks.

- After eight weeks, all participants demonstrated remarkable improvement in the condition of their feet.
- Seven out of 10 participants saw significant visible improvement in their dry, cracked feet within just four weeks.

HOW TO USE IT

Apply liberally to affected areas on cleansed feet morning and night, or as needed. Focus on rough or dry areas. Do not rinse off. Allow product to remain on skin as long as possible. Best results are seen after six to eight weeks of usage as directed.

Tip: It can help to put on socks immediately after application, so that more product remains in contact with your feet throughout your day.

LEARN MORE ABOUT IT

What makes Crushed Allspice Berry an ethnobotanical? Ethnobotanicals are plants or herbs that are tied to a region and its people. Crushed Allspice Berry falls into this group because of its traditional use in Central America, which includes using the berry to condition skin on your feet.

EPOCH® SOLE SOLUTION® FOOT TREATMENT

What is the difference between Epoch Firewalker Relaxing Foot Cream and Epoch Sole Solution Foot Treatment?

Sole Solution is formulated with Crushed Allspice Berry and targets the underlying causes of dry, cracked feet. Firewalker uses Hawaiian Ti Leaf to soothe hot, tired, achy feet.

I moisturize my feet repeatedly but can never seem to find relief for my dry, cracked heels. Why are moisturizers not helping?

Moisturization is only one aspect of the healing process. In order to deliver nourishing ingredients to healthy skin, dead-cell buildup must first be removed and softened. That's why Sole Solution has key ingredients that help loosen and exfoliate rough, dry patches.

Can I use Epoch Sole Solution on other parts of my body?

Yes. Sole Solution is great for any dry, cracked area where you would like to restore soft, smooth skin. Perfect examples are rough cuticles, dry elbows, and scaly knees.

Can I safely use Sole Solution for a long time?

Yes, Sole Solution is perfect for consistent application on problem areas of the feet. In fact, many of its key ingredients help maintain balanced moisture levels in your skin. If you find after several weeks that the soft, smooth, healthy look and feel of your feet has returned, you can switch to Firewalker for daily moisturization, then periodically resume use of Sole Solution when you want an intense treatment. For an all-over body moisturizer, try Perennial Intense Body Moisturizer.
