

NU SKIN® TRI-PHASIC WHITE® NIGHT CREAM

Nu Skin Tri-Phasic White is a comprehensive skin brightening system containing five products that target all three critical phases of the discoloration process.

PHASE 1: Protecting from initial factors that cause discoloration.

PHASE 2: Targeting a key component in the discoloration process.

PHASE 3: Reducing the appearance of discoloration.

Nu Skin Tri-Phasic White will help you achieve even-toned, glowing skin for a brighter, more radiant you.

MEET TRI-PHASIC WHITE NIGHT CREAM

Discover a more brilliant skin tone while you sleep. Specially formulated Tri-Phasic White® Night Cream contains Diacetyl Boldine to calm and soothe your skin as it works to reduce the appearance of skin discoloration.

WHY YOU'LL LOVE IT

Features Diacetyl Boldine to calm and soothe the skin, preventing potential initiators of discoloration.

WHAT POWERS IT

Diacetyl Boldine—has a structure that can potentially prevent the initiation of discoloration by calming and soothing skin.

HOW TO USE IT

Use each evening after Tri-Phasic White Essence. Apply liberally to face and neck.
