

TRI-PHASIC WHITE® SYSTEM

Nu Skin Tri-Phasic White is a comprehensive skin brightening system containing five products that target all three critical phases of the discoloration process.

PHASE 1: Protecting from initial factors that cause discoloration.

PHASE 2: Targeting a key component in the discoloration process.

PHASE 3: Reducing the appearance of discoloration.

Nu Skin Tri-Phasic White will help you achieve even-toned, glowing skin for a brighter, more radiant you.

MEET TRI-PHASIC WHITE

Let your brilliance shine through with this clinically proven system. Each product's key ingredient technologies combine to bring a visibly luminous, more even-toned complexion. Now you can achieve your beauty potential with the scientifically advanced Tri-Phasic White System.

WHY YOU'LL LOVE IT

The Nu Skin Tri-Phasic White scientific approach delivers the following skin benefits:

- Reduces the appearance of existing dark spots, uneven skin tone, and discoloration for a more brilliant complexion.
- Promotes more luminous, even-toned skin.
- Maintains an even, bright skin tone for translucent beauty.

HOW TO USE IT

MORNING REGIMEN

- Tri-Phasic White® Cleanser
- Tri-Phasic White® Toner
- Tri-Phasic White® Essence
- Tri-Phasic White® Day Milk Lotion

NIGHT REGIMEN

- Tri-Phasic White® Cleanser
- Tri-Phasic White® Toner
- Tri-Phasic White® Essence
- Tri-Phasic White® Night Cream

CLINICALS THAT PROVE IT

In a Nu Skin Tri-Phasic White System clinical study, 100% of the participants experienced an overall improvement after 12 weeks.* The following improvements were observed by professional graders:

- 39% improvement in skin radiance
- 41% improvement in skin evenness
- 28% overall improvement

* Improvement did not plateau at 12 weeks. With continued use, participants may see increased benefits.

TRY THESE WITH IT

- ageLOC® Tru Face® Essence Ultra
- Tru Face® Line Corrector

LEARN MORE ABOUT IT

Do I have to use the entire Nu Skin Tri-Phasic White System?

While each individual product helps fight different aspects of skin discoloration, only the entire system comprehensively targets discoloration. For this reason, we recommend using the entire system for best results. However, if there is only a small area of discoloration, we recommend beginning with Tri-Phasic White® Essence as a spot treatment.

How long will it take to see results?

Results will vary from individual to individual, but clinical testing showed some improvement after four weeks of use with additional benefits after 12 weeks.

TRI-PHASIC WHITE® SYSTEM

Do I need to use the Nu Skin Tri-Phasic White System continuously or can I alternate it with another Nu Skin anti-aging system?

Because the Nu Skin Tri-Phasic White System comprehensively targets discoloration, it is necessary to use the system continuously. Discontinuing use of the system allows pigmentation to return. Therefore, to maintain the results you achieve with the Nu Skin Tri-Phasic White System, you should not discontinue use for an extended period of time. For targeted anti-aging treatments, we recommend supplementing your Nu Skin Tri-Phasic White regimen with the Tru Face® Targeted Treatment products designed to target your skin-aging concerns.

Can I use Tru Face® products with the Nu Skin Tri-Phasic White System?

Tru Face products are an excellent addition to the Nu Skin Tri-Phasic White System. For example, you could add ageLOC Tru Face Essence Ultra to your system regimen by applying it as the final treatment product.
