

## GARY TAM FIRST PLACE

I was introduced to the TR90 because my wife is a Nu Skin executive. I trusted her vision that this product would help me in achieving my weight loss and body building goals. My physique looks a lot better. I feel younger and my body age went from 41 to 34. My waist size dropped from 33 inches to 30 inches. This program works and has changed my lifestyle completely. I exercise three times a week now and still eat according to the eating plan in TR90.
